There was a pie social at the Cordell school house Saturday night, Aug. 19, combined with a tacker party.

Miss Sidney Swann made a trip to Louisville last week returning Thursday.

SUDDEN DEATH

Caused by Disease of the Kidneys.

The close connection which exists between the heart and the kidneys is well known nowadays. As soon as kidneys are diseased, arterial tension is increased and the heart functions are attacked. When the kidneys no longer pour forth waste, uric acid poisoning occurs and the person dies, and the cause is often given as heart disease, or disease of brain or lungs.

It is a good insurance against such a risk to send 10 cents for a large trial package of "Annie"—the latest discovery of Dr. Pierce. Also send a sample of your water. This will be examined without charge by expert chemists at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. When you suffer from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, it's time to write Dr. Pierce, describe your symptoms and get his medical opinion without charge—absolutely free. This "Annie" of Doctor Pierce's is found to be 37 times more active than lithia, for it dissolves uric acid in the system as hot water does sugar.

Simply ask for Dr. Pierce's Annie Tablets. There can be no imitation. Every package of "Annie" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Golden Medical Discovery for blood and stomach.

WORRY, DESPONDENCY.

Kidney Disease is suspected by medical men when patients complain of backache or suffer with irregular urination, disturbed, too frequent, scanty or painful passage. The general symptoms are rheumatic pains or neuralgia, headaches, dizzy spells, irritability, despondency, weakness and general misery. Worry is a frequent cause and sometimes a symptom of kidney disease. Thousands have testified to immediate relief from these symptoms after using Dr. Pierce's Annie Tablets.

Jesse Cordell has purchased a \$35 donkey and will keep same on pasture at J. W. Moore's of Ledoto.

Rev. Isaac Griffith and Rev. J. M. Conley were calling on friends at Cordell this week.

HAPPY HOURS.

The recent rains have done great good to our corn and pastures.

James Woods work hands passed through here Tuesday with a fine drove of sheep and hogs to be shipped to the lower markets.

On account of the muddy condition of the roads the bus supper here last Saturday night passed out very lightly.

COUNTRY GREENHORN.

To my friends in Louisville—I am here with my wife in this awful flood stricken district. Wife and little boy had come here to visit her parents and when the flood came, like most others they ran a narrow risk of being drowned.

They stood for three hours in a hard nearly knee deep in water, expecting every moment to be swept away.

When I first saw the news in the paper about the flood at Jarrell Valley, I tried in vain to get a telegram to them, and failing, I started and the second day I reached here at dark, and you can imagine the joy that filled and thrilled me as I told my wife and little boy in my arms, after the suspense which I had suffered. My son-in-law came with me and we actually risked our lives to get here. The railroad is a wreck for 20 or 30 miles. It will be almost like making a new road. No way to get out of here only to walk and that is dangerous.

They took the body of a woman out of the river this morning. Sixteen were drowned a mile below here and eight of them have not been found yet. Hundreds of people are homeless and without anything to eat, and no way to get anything to them.

It is claimed that the railroad will be repaired in 30 days. It hardly looks reasonable, but they are working night and day with a large force of men.

Wife and I meant to start walking today but last night it rained and it still raining and the river is rising and getting higher very fast, so the prospects for getting away look meager indeed, but we are in the hands of a merciful God whose loving kindness is so great! When we look around us at the agony and tears we really wonder why we are blessed so abundantly and men and women all around who are better than we, have to suffer so much. But

God moves in a mysterious way. His wonders to perform; He plants His footsteps on the sea, And rides upon the storm. Pray for us in this awful gloomy region.

A. M. DEAL.

BEHOLD THIS PAQUIN!

British green broadcloth is what Madame chose for this suit. The vested jacket is made with a fitted back and a tight fitting waist. The vest below sage green silk brocade in metal and silk. The full skirt has a short hip yoke, and the daring collar leaves no doubt about its destination being the back of the jaunty turban.

STYLES IN LINGERIE.

The newest underwear is exceedingly soft and light in weight. The combination of crepe de chine with sheer silk crapes, with net and with wash satins is a marked feature of the high class lines.

Camdeens are again in vogue, particularly in the crepe de chine and wash satin designs. Those with ribbon shoulder straps are preferred to the kind made with shaped bands.

Nothing to eat, and no way to get anything to them.

It is claimed that the railroad will be repaired in 30 days. It hardly looks reasonable, but they are working night and day with a large force of men.

Wife and I meant to start walking today but last night it rained and it still raining and the river is rising and getting higher very fast, so the prospects for getting away look meager indeed, but we are in the hands of a merciful God whose loving kindness is so great! When we look around us at the agony and tears we really wonder why we are blessed so abundantly and men and women all around who are better than we, have to suffer so much. But

God moves in a mysterious way. His wonders to perform; He plants His footsteps on the sea, And rides upon the storm. Pray for us in this awful gloomy region.

A. M. DEAL.
